VISUAL RECAP

All about Risers

RISER – the platform on which you stand (the recording of you singing that is sent to your Section Leader for approval is also called a Riser)

- Floor - 1st Row- also known as Front Row
- 1st Riser
- 2nd Riser
- 3rd Riser
- 4th Riser (in the diagram there is no 4th riser, where did it go, oh well 🤖)

TOE UP TO THE RISER – as you can see, these singers are not, they are standing to the back of the riser, you need to stand forward with the front of your shoes to the edge

Your WINDOW – is the space between the 2 singers in front of you, so you can see the Director, and so you can be seen

Front Row will be placed – because they move forward and back with choreography they may get out of their position ever so slightly. 1st Riser, don't panic, eventually Front Row will reposition themselves in their correct spot. As long as you can see Vicki's hands directing.

Front Row – don't stand too close to the riser behind you, a person should be able to walk comfortably behind you

RISER PLACEMENTS – don't get too comfy where you are standing now, Vicki will place (and replace) you to achieve the best balance of voice parts

ABOUT THE STAR OF THE WEEK

Any member of the chorus can nominate someone who has gone above and beyond, who has personally helped you, who has made a special difference or contribution to the Chorus or who has tried extra hard.

There are many other positive attributes that can be recognized with this award.

To nominate a member, simply email Anne Thompson (amthompson@live.com.au) with the member's name and short description as to why you would like to nominate them.

If no nominations are received, the star will not be awarded.

Congratulations to our star of last week for adding all the new members to the website.

Well done **Deborah Martin**

RISER PLACEMENTS

This week Vicki will be doing our riser placements. What does that mean I hear, well it's simply defining your place to stand on the risers. Where we stand on the risers isn't random. The space that each of us calls our own comes about through a detailed planning process by Vicki.

Vicki considers many factors for riser placement, but she mainly looks for a balance in the sound of the chorus as a whole. No one voice should be heard over the others. This means that our riser placements will change from time to time.

One time you may be placed in the middle of the first riser row, and the next year you'll find yourself on the end of an upper row. There is no 'good' or 'bad' placement per se. It's what works best for the chorus as a whole. If a member leaves, our sound can change. When new members join, the sound changes yet again and we may have to shift places as a result.

So when you get asked to sing during the riser placement, sing in your normal voice, just as you do in rehearsals – that way Vicki gets to hear the real you and balance the risers accordingly.

The only difference is the front row – these positions are placed by audition because these lovely ladies usually do more complex dance choreography and moves on the floor.

CHORUS ETIQUETTE – PART 2

Honour thy Section Leaders and Management Team

Ask the right person

If you have questions about music, ask your Section Leaders. If you have questions about chorus administration, ask your Team Coordinator or the appropriate Committee member – that's what they are there for. Don't ask the Director.

Mind your own business

If you have advice for other chorus members about their singing, and you are not a Section Leader, speak to your Section Leader, not to the member concerned. Ditto for visual performance – speak to a member of the Visual Team, not the member concerned

Hand your riser recording in before it's due

Don't leave it until the last minute to submit your riser recording: you may not pass the first time around and you will need time to re-record. Don't make your Section Leader/riser checker chase you.

Before you submit it, listen to it yourself to check notes, words and breathing are correct. If you can hear errors, don't hand it in. Work on it and record it again. Review your Section Leader's feedback and work on anything she suggests before resubmitting.

Honour thyself

We miss you

Believe that you are a valued member of the chorus and missed when you are absent. Make every effort to attend rehearsals and performance. If you are unable to attend a rehearsal, let your Section Leader know and record your absence on the chorus website

We need you

Believe that you have valuable skills you can use to help the chorus. Find a way in which you can contribute (apart from standing on the risers and singing): fundraising, costumes, setting up risers, helping with hospitality, assisting Membership and other Committees are all important ways you can help.

It's important to remember our chorus etiquette. We need to work as a team and respect each other when rehearsing. Look out for the Riser etiquette signs at each rehearsal.

SUGGESTION BOX

Submitting Suggestions

A number of our members will remember the suggestion box that we used to have in the kitchen.

As a replacement, we have now set up an email on the CKC site to replace this.

The email is suggestionbox@circularkeys.org

This email has been set up so that it is sent to me (Team Coordinator) only and as you can see in this screenshot, I do not know who sent the email unless you want to sign it.

All suggestions will be discussed by the management team and outcomes of the discussions will be included in SCB.

SAA CHORUS COMMERCIAL CONTEST

LET'S GET CREATIVE!

Don't forget to complete the survey that explains the 3 video concepts and would like you all to vote on which video concept you like best/which video you would like to participate in.

There is also a section in the survey for feedback and ideas if you want to comment. It would be a great help!

Keep in mind that nothing is set in stone – we're not telling everyone what's happening.

The deadline for the survey is Sunday 18th September so we can get the ball rolling!
