

Annual Performance Report 2024

In the previous 12 months Circular Keys Chorus has enjoyed a number of performance opportunities which generated \$4900 for the chorus.

In September we returned to Doonside for the community festival organised by the Blacktown Lions Club.

We had six Christmas engagements in November and December. Three continuing our involvement in the City of Sydney's Choirs in the City program and three performances in the QVB.

With only a few weeks' notice we were invited to perform at the Governor's Christmas Reception, for the Governor of NSW and her guests. We received high praise for our performance and are hopeful that we will be invited again to this auspicious event.

We had two performances on Australia Day this year. In addition to being invited again to Parramatta Park for the City of Parramatta celebrations, we also had the pleasure of performing closer to home at Bella Vista Farm, an event run by Hills District Council. Thanks and acknowledgment go to Steph, Jen Kumar and other members for raising awareness of our chorus with Hills District and helping to secure this invitation.

Lastly, a highlight of the year was our Broadway Meets Pop show with Sydney Harmony, at Hornsby RSL. All thanks and recognition to Di Jenkins who managed this event and coordinated the show committee to ensure the show's success, which generated further funds for the chorus.

Thank you to everyone who participated in our performances this year.
